

IDROTHERM / 20 10N

Synthetic rubber inner liner

Application:

Discharge hose for transporting hot water, steam and other non-corrosive liquids.

Design:

- **inner layer:** smooth black heat-resistant synthetic rubber
- **outer layer:** black synthetic rubber resistant to abrasion, heat, weather and ozone. Smooth surface with a fabric imprint
- **reinforcements:** high-strength synthetic fiber spacers
- **operating pressure to:** 20 bar
- **temperature range:** -40°C to +120°C

Flow media:

Hot water, steam

The hose is also available with a white inner liner and outer layer

Technical specifications:

INDEX						
no.	mm	bar ¹	bar ¹	estimated mm	bar	estimated kg/m
-	31	20	60	-	-	1.05
-	51	20	60	-	-	1.55

1 - Pressure based on room temperature / High pressure and/or temperature lead to reduced component life.
